5. Citizen's Comments

Chad Massey, with UKA, an energy development company, is proposing to build a wind farm between Groesbeck and Thornton. The project would generate about 200 megawatts of electricity and include approximately 30 wind turbines. To complete the project, the company is looking to secure around 10,000 acres of land in the area. According to the proposed timeline, construction could begin in mid-2028, with the wind farm expected to be

commissioned in 2029. The project is part of efforts to expand renewable energy production in the region.
